WHERE BEAUTY MEETS SCIENCE

Dear Friends,

FADS is the longest running and most established medical Aesthetic Dermatology conference and hands on workshop devoted to non-surgical aesthetics in India. It is the only conference in India and one of the only ones in the world to have in depth agenda focused on core segment of the non-surgical Facial Aesthetics. This allows practitioners to receive high level scientific content from eminent experts in their relative field of expertise.

The expert panel comprising of speakers from globally and India provide a high level agenda on the variety of topics including : Injectables, threads, skin peels, equipments ,Hair and many more.

The academic programme is designed to bridge the gap between the current level of academic training and the pioneering advancements that are constantly arising within the aesthetics and dermatology fields.

Through the plenary sessions, live demonstrations and tutorials the expert will present latest clinical and scientific advances and offer practical lifehack to effectively sharpen your skills and acquire new ones.

You will have an incredible opportunity not only to gain valuable knowledge from eminent speakers and workshop injectors invited from all over the world but also to Explore the culture, Nature and tradition of Goa. A former portugese said "Goa is also fondly known as the "Rome of the east".

Inhabited and colonized by the portugese for almost 450 years, the culture of the Goa is distinctly different from the rest of the nation. Here is a quick run -down of the rich and varied heritage of Goa.

Besides the formal meetings, we are looking to provide our guest within an unforgettable experience after hard day's work it will be our pleasure to invite the participants to the Gala Dinner.

Dr. T. A. Rana

Scientific Director
Consultant Dermatologist
Sri Ram Hospital & Heart Institute, New Delhi
Director : Skin Laser Institute Noida.

Dear Friends,

It is indeed a privilege to be the Scientific Director of Face Aesthetic Dermatologists Society (FADS). It gives me great pleasure to welcome you all to the 7th FADS Congress and Hands-on-Workshop on Facial Enhancement & Aesthetics (Non-Surgical), organized by this society on 30th September to 1st october 2023 at Goa (India).

It is an excellent opportunity to exchange knowledge & strike friendship. I am confident that it will provide a rewarding experience in the speciality and well beyond.

I hope you will make the most of this scientific platform to interact with peers and you will apply your skills to serve society to the best of your abilities.

On behalf of the FADS , I welcome you all to this unique Academic feast.

Check Scientific program and save the date to join us.

Dr. Dinesh Mathur

Pro Vice Chancellor Rajasthan
University of Health Sciences Jaipur

The aesthetic is a concept from the philosophy of art according to which the perception of beauty occurs by means of a special process. There is neurophysiological evidence of the effects of facial ratios on facial attractiveness suggesting a notable gender difference in perceiving facial attractiveness as induced by facial proportions. FADS has taken initiative to develop this branch and has come out with 7th FADS Congress hands on workshop on Facial Enhancement & Aesthetics (Non-Surgical) through Dermal Fillers & Botulinum Toxin. I wish the organizing team a great success to the conference.

Dr Vijay Zawar

MD, DNB, FRCP (Edin)
Prof. & Head Dr VPMC
Elect. IADVL President 2023

FADS has become a global renowned society and is doing a commendable work in the field of Aesthetics, by educating and training young Dermatologists and getting Plastic Surgeons and Dermatologist under one roof.

I heartily congratulate TEAM FADS 2023 for their hard work and their determination. I wish them loads of success for the World Congress FADS 2023.

Dr. Kaushal Kr. Verma

Professor, Dept of Dermatology,
Venereology, AIIMS, New Delhi

I am glad to know that the Face Aesthetic Dermatologist Society (FADS) is organising its 7th FADS Congress hands on workshop on Facial Enhancement & Aesthetics (Non-Surgical) through Dermal Fillers & Botulinum Toxin in 30th September to 1 October 2023. Aesthetic Dermatology has become an important component of Dermatological care and providing such care to meet the desired expectations requires expertise, skill and advanced knowledge in the area. FADS is providing such platform to Dermatologists engaged in Aesthetic Dermatology practice and this conference offers a great opportunity to update, share and learn latest in the area.

I wish the conference a great success.
Best wishes,

Dr. Manisha Nijhawan

Professor & Head
Mahatma Gandhi Medical College &
Hospital Jaipur, Rajasthan

Positive thinking leading to positive action, that's what gave FADS 2016 to 2022 the very commendable reaction.

I would like to start by congratulating Dr. Rana and his team for such a great initiative.

Workshops like these are very valuable to build a strong foundation of Cosmetic Dermatology.

These workshops give the young dermatologists a much needed platform to pursue a career in Aesthetics. Wishing FADS 2023 a thumping Success.
